REPLY COMMENTS

Moira L. Ritch ("Ritch"), by her attorneys and pursuant to Public Notice, MB Docket No. 03-21, RM-10632, RM- 10696, released April 23, 2003 ("Public Notice"), hereby submits her Reply Comments in the above-referenced proceeding to the Counterproposal filed by Richard L. Plessinger ("Plessinger") proposing the allotment of Channel 270A to Eastpoint, Florida. Ritch submits that Eastpoint is not a community for allotment purposes and that Port St. Joe is a community deserving of a second local service. In support whereof, the following is respectfully submitted:¹

The Eastpoint Counterproposal Should Be Denied

1. Following the submission of a Petition for Rule Making (“Petition”) by Ritch, Plessinger filed a counterproposal proposing the allotment of Channel 270A to Eastpoint, Florida, (“Eastpoint Counterproposal”).² By doing so, Plessinger has submitted a clearly deficient counterproposal to the Commission in that it proposes the allocation of a channel to Eastpoint, which is not a bona fide community, but a neighborhood of Apalachicola at best. In

¹ The Public Notice established May 8, 2003 as the deadline for filing reply comments. Accordingly, the instant Reply Comments are timely filed.

² See Counterproposal filed by Richard L. Plessinger on March 24, 2003.

light of the Commission's clear requirement that allocations only be made to communities, the Eastpoint Counterproposal must be denied, and the Commission should proceed to allot Channel 270C3 to Port St. Joe as that community's second local service.

Allocation of Channel 270C3 to Port St. Joe is Superior to Allocation of Channel 270A to Eastpoint

2. The proposed allotment at Port St. Joe is the subject of a Notice of Proposed Rule Making first issued on January 31, 2003. Plessinger has requested Channel 270A for allotment to Eastpoint, and the allotment of that channel is mutually exclusive with Ritch's present request for 270C3 at Port St. Joe. It is clear that Plessinger chose Channel 270A due to its mutually exclusive status with Ritch's Port St. Joe proposal of Channel 270C3. What may not be immediately clear is the fact that Channels 237A and 283A also appear to be available for a Class A allocation to Eastpoint. *See Exhibit 1.*

3. However, as will be demonstrated below, Eastpoint is clearly not a community under the Commission's well-established guidelines, and thus the Commission should clearly make the allocation of Channel 270C3 to Port St. Joe. Such an action would provide Port St. Joe an important second local service, thus bringing competition to the market.

Eastpoint Does Not Meet the Minimum Criteria of a Community

4. Eastpoint is clearly not a community as required by the Commission's allotment policies. The Eastpoint Counterproposal simply states that it is a Community Designated Place listed in the 2000 Census and is deserving of first local service. *See* Eastpoint Counterproposal at 1. The designation of an area as a CDP raises the presumption that an area is a community for allotment purposes. However, that presumption is rebuttable. *See Stock Island, Florida*, 8 FCC Rcd 343 (1993); East Hemet, California, et al., 4 FCC Rcd 7895 (1989); Hannahs Mill and Milledgeville, Georgia, 7 FCC Rcd 3944 (1992). If Plessinger intends to provide Eastpoint with first local service, he is required to provide sufficient community indicia to show that Eastpoint

is truly a community deserving of an allotment. While Eastpoint is listed in the U.S. Census as a Community Designated Place, it is really little more than the name for a small geographic area between Apalachicola and St. George Island.

5. Generally, a geographic area is not presumed to be a community suitable for allotment purposes absent a strong showing of community indicia. *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88, 100 (1982) (requirement of an allotment to a community is generally satisfied if the community is either incorporated or listed in the U.S. Census). However, Plessinger has failed to establish a clear nexus between the Eastpoint Counterproposal's cited social and economic organizations and Eastpoint (there are no cited governmental organizations). *See Avon, North Carolina*, 14 FCC Rcd 3939 (1999); and *Belview, Minnesota*, 11 FCC Rcd 12793 (1996).

6. Plessinger's assertion that Eastpoint has its own "fire department, post office, public library, elementary school, sewer and water service" implies that Eastpoint – as a community – runs these services. *See* Eastpoint Counterproposal at 1. In fact, the fire department is a local volunteer department and is not operated under any municipal authority. Similarly, the public library is but a local branch of the Franklin County Public Library just as the elementary school is part of the larger county system. *See* <http://www.fcpl.lib.fl.us/> (Home Page of Franklin County Public Library, last visited May 8, 2003). There is no county wide water or sewer service, but the area surrounding the Eastpoint Post Office does appear to be served by one of six water and sewer districts in Franklin County. It is clear, however, that Eastpoint does not have any form of municipal government or provide municipal services on its own. Even all of the local law enforcement activity is conducted by the Franklin County Sheriff's Department.

7. As noted in the Eastpoint Counterproposal, Eastpoint does have a small post office and its own ZIP code. However, this small post office appears to offer minimal local

delivery – otherwise all service comes through rental post office boxes in the small building. The Commission has previously found that the presence of a post office is not sufficient to establish community status. *See Crestview and Westbay, Florida*, 7 FCC Rcd 3059 (1992).

8. In fact, Plessinger has clearly had to borrow institutions intended to serve surrounding communities in an attempt to create a “community” in Eastpoint, and has failed to show any nexus between these organizations and businesses and the needs of Eastpoint residents rather than the larger Apalachicola community. *See Lupton, Michigan*, 11 FCC Rcd 14428 (1996); *Pleasant Dale, Nebraska*, 14 FCC Rcd 18893 (1999); *Kanarraville, Utah*, 14 FCC Rcd 15962 (1999); and *Littlefield, Arizona*, 15 FCC Rcd 10263 (2000) (all noting that it is a critical deficiency where petitioner fails to demonstrate that the organizations and businesses in the proposed community are intended to serve the residents of that community rather than residents in other nearby areas). The Commission has previously rejected claims of community status where a nexus between the political, social and commercial organizations and the community in question has not been shown. *See Pike Road and Ramer, Alabama*, 10 FCC Rcd 10347 (1995).

9. A review of the 1997 Economic Census summary for the area of Franklin County that is not comprised of the main city in the area – Apalachicola – will show that only 35 retail establishments exist. *See* 1997 Economic Census for Balance of Franklin County (available at www.census.gov). Yet Plessinger asserts that Eastpoint itself – only one of many small neighborhoods in the area – is home to over 45 businesses. *See* Eastpoint Counterproposal at 1. Plessinger has done nothing more than assert the presence of a number of businesses in a place called “Eastpoint” and apparently expects that to be a sufficient indicator of community status. However, a closer examination of these claimed businesses in Eastpoint will show that they either do not exist, or are actually there to serve other communities.

10. During the week prior to the Reply Comment deadline, Ritch conducted an informal telephone survey of all of the businesses listed in the Eastpoint section of the local

phone book. *See* Exhibit 2 (cover of phone book including Eastpoint listings and all 8 pages of the Eastpoint section). The survey was conducted over a number of days by Michael Boadwine, husband of Moira Ritch. Mr. Boadwine asked each business how many employees it had, and of those employees, how many resided in Eastpoint. The survey results were clear - while there are a number of small businesses in Eastpoint, the vast majority of the population is employed outside of the area claimed by Plessinger as Eastpoint. In fact, the top five employers in Franklin County are all located outside of Eastpoint – and most in Apalachicola proper. *See* Exhibit 3, page 2 (taken from *The Answer Book*, published online by *The News Herald* (Franklin County's primary newspaper)). While Ritch makes no representations that this is a statistically valid survey, she does submit that it provides important additional evidence showing that Eastpoint is not a community for allotment purposes. The Commission has previously pointed toward the testimony of local residents or similar subjective evidence in evaluating the existence of a community. *See* Beacon Broadcasting, 2 FCC Rcd 3469 (1987), *aff'd.*, 2 FCC Rcd 7562 (1987).

11. Many of the businesses listed in the phone book were not even in the geographic area of Eastpoint, or are clearly intended to service the Apalachicola community. For example, A-1 Air Conditioning is actually located on nearby St. George's Island. *See* Exhibit 1, page 2. The "veterinary clinic" and "bank" that the Eastpoint Counterproposal claims as serving Eastpoint are actually the Apalachicola Bay Animal Clinic and Apalachicola State Bank. *Id.*

12. In sum, it is clear that Eastpoint is not a community for allotment purposes. There is no formal government, there are no municipal services, no civic organizations have been shown to exist, and there is minimal economic activity. Such a set of facts clearly overcome the presumption that a Community Designated Place is a community for allotment purposes. In 1999, the Commission rejected an allotment petition for the Community Designated Place of Peralta, where it noted that "Peralta has no local government or elected officials, offers no municipal services, has no local media, and no civic or social organizations." Grants and Peralta,

New Mexico, 14 FCC Rcd 21446 (1999). Similarly, Eastpoint is little more than the name of a small area with no truly local services, but is instead just a small part of the regional economic powerhouse, Apalachicola. Since Eastpoint is clearly not a community for allotment purposes, Plessinger's proposal should be denied.

Port St. Joe, Florida, is Undeniably a Community Deserving of Second Local Service

13. Port St. Joe, Florida, is an incorporated township with a 2000 Census population of 3,644 persons. See Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88, 100 (1982). As an incorporated township, Port St. Joe is governed by an elected board that is comprised of four commissioners and one mayor. In addition, Port St. Joe has its own police force, fire department, and waste authority, all of which are supported by its own taxing authority. Yet Port St. Joe does not have a competitive local FM radio station, even though it is undeniably a community deserving of second local service under the allotment priorities set forth in Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1982); Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License, 4 FCC Rcd 4870 (1989). Plessinger has not demonstrated that Eastpoint is a bona fide community for allotment purposes, and on the basis of well settled Commission precedent, Channel 270C3 should be allotted to Port St. Joe, thereby fulfilling the Commission's second local service allotment priority.

Conclusion

14. WHEREFORE, for the reasons above, the Commission should find that the Counterproposal filed by the Plessinger does not propose an allotment to a bona fide community, and the Commission should proceed to allot Channel 270C3 to Port St. Joe by this rule making proceeding. Should the Commission find that Eastpoint is a community for allotment purposes, it may choose to allot either Channel 237A or Channel 283A to Eastpoint while allotting Channel 270C3 to Port St. Joe.

Respectfully submitted,

Moira L. Ritch
